## 46 PARALLEL WINE GROUP

46 Parallel Wine Group is a Ukrainian winery that creates wines of high European quality, worthy of representing Ukraine on the global stage. The company first introduced its wines in 2020 and immediately positioned itself as a brand with a clear mission – to become a symbol of Ukraine in the world of winemaking.

In 2024, 46 Parallel Wine Group became part of Big Wines, the Ukrainian representative of the international holding Vinos de La Luz, while preserving its identity and strategic focus on developing Ukrainian winemaking and promoting it worldwide.

We produce our wines exclusively from Ukrainian grapes grown along the 46th parallel in southern Ukraine – a latitude often referred to as the “Golden Wine Parallel.” Just like in the legendary wine regions of Burgundy and Bordeaux, the unique climate and terroir here create ideal conditions for producing wines of the highest quality.

The company’s slogan, “Proudly Ukrainian”®, is more than just words – it is a philosophy that reflects national pride and deep belief in Ukraine’s great winemaking potential. We strive to prove that Ukrainian wines can compete with the world’s best brands by investing in quality, respecting tradition, and adhering to the highest production standards.

At the same time, “Proudly Ukrainian” is about supporting Ukraine here and now. We want Ukrainians to be proud of what is created in their own country – grown on our terroirs, crafted by Ukrainian masters, and enjoyed by Ukrainians.

## WORLD RECOGNITION

Under the 46 Parallel brand, we unite premium collections – Grand Admiral, El Capitan Reserve, and El Capitan – released in limited editions with a personalized number on each bottle. These are signature wines with a distinctive style and deep, expressive character. The company uses only the finest Ukrainian grapes and adheres to the highest quality standards and a uncompromising approach to winemaking. This philosophy has earned 46 Parallel Wine Group more than 100 awards at international and Ukrainian wine competitions. Our wines have been recognized among the Top 24 best Ukrainian wines and have received the highest honors at prestigious international contests, including:

- Concours Mondial de Bruxelles
- Decanter World Wine Awards
- London Wine Competition
- USA Wine Ratings
- Berlin International Wine Competition, and others

For three consecutive years, the wines of 46 Parallel Wine Group held the honorary status of Ambassador of Ukrainian Wine and represented Ukraine at the world's largest wine museum – La Cité du Vin in Bordeaux, France.

We are proud of what we create and proud that Ukrainian wine is becoming a symbol of quality and national pride.

Proudly Ukrainian is not only about our wines – it is about our faith in Ukraine and its future.

## GRAND ADMIRAL

Grand Admiral is a limited-edition collection of signature premium wines, created in Ukraine from the finest selected grapes. The collection combines sparkling wines produced using the traditional méthode traditionnelle (classical champagne method) with vintage still wines aged to perfection.

The sparkling range features Brut Nature and Brut Nature Rosé from the 2019 and 2020 vintages. Each release is produced in strictly limited quantities – from 953 to 1,310 bottles – highlighting its exclusivity and collectible value.

The still wine segment of the collection is crafted from carefully selected grapes from the 2016, 2018, and 2019 vintages. Each vintage has its own distinct character and reflects the unique conditions of its growing season, with total production ranging from 2,800 to 3,560 bottles depending on the year.

Grand Admiral wines stand out for their impeccable quality, depth of flavor, and refined aesthetic expression. They have earned recognition from professional tasters, enriched private collections of connoisseurs around the world, and received honors at prestigious international competitions.

During grape cultivation for still wines, strict yield control is applied: each vine carries only 1.6 to 3 kg of fruit. This approach ensures an ideal balance of aroma, structure, and taste.

For aging, French oak barriques from Seguin Moreau are used for a period of 24 months. After barrel maturation, a signature blend is created and further aged in bottle before release. Only then are the wines offered to discerning enthusiasts and collectors.

The collection is available in 375 ml, 750 ml, and 1,500 ml formats.

STILL WINE

## EL CAPITAN RESERVE

El Capitan Reserve is a limited collection of premium vintage red wines crafted from carefully selected grapes grown in southern Ukraine. Wines of this series are distinguished by their deep character, dense structure, noble aging, and refined style that highlights the varietal nature of each wine.

The collection features two wines from the 2021 vintage – Merlot and Cabernet Sauvignon – which reveal the classic traits of their varieties combined with the unique Ukrainian terroir. Thanks to aging for at least 18 months in French oak barrels, the wines develop a complex aromatic profile, soft tannins, and long-term aging potential.

El Capitan Reserve represents an avtopial interpretation of classic varieties, reimagined in Ukrainian conditions with respect for traditional aging and modern winemaking approaches. These wines are created for those who appreciate depth, energy, and style in every glass.

## EL CAPITAN

El Capitan is a limited collection of refined, light premium wines.

The collection is crafted from carefully selected grapes of the Pinot family, grown in Southern Ukraine: Pinot Blanc, Pinot Gris, Pinot Meunier, and Pinot Noir. Our winemakers have masterfully revealed the finesse and elegance characteristic of the Pinot group, adding their own signature touches to create this sophisticated collection.

The range includes elegant still varietal wines, each with its own distinctive character and aromatic profile, as well as refined sparkling wines – a signature rosé and white brut.

For the production of El Capitan Pinot Noir and El Capitan Pinot Blanc, we use a short oak-aging technique. A special feature of the aged white El Capitan Pinot Blanc is that the wine is placed into barrels unprocessed and unfiltered, followed by further aging on fine lees.

## EL CAPITAN BRUT

Brut sparkling wine

## VINOS DE LA LUZ

Vinos de La Luz is an international wine group with more than 100 years of history, uniting some of the finest terroirs of the Old and New Worlds. Founded in 1919 by the Fernández–Núñez family in the Uco Valley (Mendoza, Argentina), the company follows a philosophy in which sunlight and vineyard altitude shape the character of wine. Here, it is believed that the sun creates noble structure, while the land provides depth. As a result, Vinos de La Luz wines are distinguished by their vibrant character, rich aromas, and generous, complex palate that conveys the breath of earth, wind, and sky.

Today, under the leadership of Dr. Ricardo F. Núñez – a winemaker, visionary, and international expert in the field – the group includes wineries located in some of the world's most renowned and respected wine regions. Each site has its own unique climate, terroir, and traditions, shaping the authentic style of Vinos de La Luz wines:

- Argentina (Uco Valley, Mendoza) – the birthplace of the brand's winemaking tradition, renowned for its Malbec.
- Spain (Ribera del Duero, Rías Baixas, Rueda, Cigales) – regions of indigenous varieties, including Tempranillo and Albariño.
- Italy (Montalcino, Tuscany) – the legendary homeland of Sangiovese.
- USA (Santa Maria, California) – a new direction with a focus on Syrah.
- Ukraine (Kyiv and Odesa regions) – an ambitious project that has already gained international recognition and opened a new point on the world wine map.

Despite its geographical diversity, all Vinos de La Luz wineries are united by a shared philosophy: each wine is crafted with deep respect for terroir, a commitment to quality, authenticity, and emotion.

Vinos de La Luz is wine that tells stories. It is an experience worth returning to. It is light that lingers on the palate.
